

THE ULTIMATE READY TO ENJOY VODKA

At KVELL VODKA® we know what it takes to create the best vodka in the world. Each of our vodkas are painstakingly crafted using superior ingredients, including ultra-fine cane sugar and a blend of Alaskan glacial water and Rocky Mountain spring water, to create the finest vodka on earth.

According to tradition, the highest quality of vodka should be colorless, almost odorless and almost tasteless. Perfect as a chilled shot, on the rocks or mixed.

Once you taste it, we know you will agree that at KVELL,

“we set the new standard in vodka.”
